Forum 2013 Time Schedule

	Friday, Sept	tember 13
	Room A	Room B
8:40	Opening Address	
8:50 9:00		
0.00		
	Forum I	Oral Short Presentation b
	PM2.5 — traditional and	Student Award Finalists
	contemporary issue	Young Investigator Award Undergraduate Award
10:50		
11:00		
	Educational Lecture	
	Secular trends in chronic diseases	
	in Japanese: the Hisayama Study	
12:00		
13:00		
13.00		
		Session
	P-001 -	Session ∼P-073 1&2
	P-001 -	~P-073
14:00	P-001 -	~P-073
14:00 14:10	P-001 -	~P-073
	P-001 -	~P-073
	P-001 - Hall Plenary Lecture I Biosynthesis and physiological role	~P-073 1&2
	P-001- Hall Plenary Lecture I	~P-073 1&2
	P-001 - Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development	~P-073 1&2
14:10	P-001 - Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development	~P-073 1&2
14:10 15:10	P-001 - Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development	~P-073 1&2
14:10 15:10	P-001 - Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development	~P-073 1&2
14:10 15:10	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem	~P-073 1&2
14:10 15:10	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II	~P-073 1&2
14:10 15:10	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem concerning pharmaceutical and	~P-073 1&2 Oral Session
14:10 15:10	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem concerning pharmaceutical and personal care products residued in	Oral Session Session 1 (01-1~01-4) Session 2 (02-1~02-5)
14:10 15:10 15:20	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem concerning pharmaceutical and personal care products residued in environment	P-073 1&2 Oral Session Session 1 (01-1~01-4)
14:10 15:10	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem concerning pharmaceutical and personal care products residued in environment	Oral Session Session 1 (01-1~01-4) Session 2 (02-1~02-5)
14:10 15:10 15:20	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem concerning pharmaceutical and personal care products residued in environment	Oral Session Session 1 (01-1~01-4) Session 2 (02-1~02-5)
14:10 15:10 15:20	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem concerning pharmaceutical and personal care products residued in environment Oral Session	Oral Session Session 1 (01-1 ~ 01-4) Session 2 (02-1 ~ 02-5)
14:10 15:10 15:20	P-001- Hall Plenary Lecture I Biosynthesis and physiological role of vitamin K: New development from nutritional aspects Forum II Current state and problem concerning pharmaceutical and personal care products residued in environment	Oral Session Session 1 (01-1 ~ 01-4) Session 2 (02-1 ~ 02-5)

Banquet
18:30∼20:30
Hotel Regalo Fukuoka
(15 min walk ditance from the venue)

Saturday, September 14				
	Room A	Room B		
8:40				
9:00				
	Forum Ⅲ	Oral Session		
	The state-of-art researches in nuclear receptor and toxicology	Session 5 (O5-1~O5-5) Session 6 (O6-1~O6-5)		
	nuclear receptor and toxicology	Session ((OU 1 - OU 3)		
10.40				
10:40 10:50				
11:00	Plenary Lecture II			
	Genetic and endocrine regulation			
	of sex differences			
11:50				
12:00				
12:50				
	Poster Session			
	P-074~P-144 Hall 1&2			
40.50				
13:50	Acadenic Award lecture			
14:20	Acadenic Award lecture			
14:20				
	Division Award Lectures			
15:00				
15:10				
	Forum IV			
	Essential Roles of Bioactive	Oral Session		
	Lipids in the Maintenance of Health	Session 7 (O7-1~O7-5) Session 8 (O8-1~O8-5)		
	Heattii			
17:10	Closing Address			
	Closing Address			

Room A: Main Hall, Centennial Hall, Kyushu University School of Medicine Room B: Auditorium, Alumni Hall, Kyushu University School of Medicine
